RE: LEED Applicability of Tile Tech's Cool-Roof Pavers

Project:

To Whom It May Concern:

Thank you for your interest in our Architectural Cool-Roof Pavers. Tile Tech certifies that our Cool-Roof Pavers supplied to the above mentioned project contributes directly to LEED Rating System as follows:

MR Credit 4.1 and 4.2: Recycled Content

Cool-Roof Pavers are manufactured with 15% by weight recycled content consisting of 40% post-consumer and 60% pre-consumer materials.

MR Credit 5.1 and 5.2: Regional Materials

Cool-Roof Pavers are manufactured at Tile Tech Pavers plant located in Fontana, CA 92337 significantly within 500-mile requirement. 100% of raw materials including aggregates and cement are extracted and processed locally and within 500-mile requirement.

SS Credit 7.1: Heat Island Effect (Non-Roof Application)

Cool-Roof Pavers are manufactured with a minimum SRI of 34 and up to 91.

SS Credit 7.2: Heat Island Effect (Roof Application)

Cool-Roof Pavers are manufactured with a minimum SRI of 65 and up to 91 and can be used to cover a minimum of 75% of the roof surface.

If you have any questions or if I may be of assistance I can be contacted at (213) 380-5560 x701 or at sales@tiletechpavers.com.

Sincerely,

Project:

RE: LEED Applicability of Tile Tech's IPE Wood Tiles

To Whom It May Concern:

Thank you for your interest in our IPE Wood Tiles. Tile Tech certifies that our IPE Wood Tiles supplied to the above mentioned project are certified by the Forest Stewardship Council (FSC), a third party entity that promotes responsible management of the world's forests. FSC certification assures wood products have positive environmental attributes and are backed by global system of verifications.

In keep with our company tradition of environmental sustainability, our IPE Wood Tiles have been harvested using environmentally responsible methods that insure the preservation and enhance the economic viability of hard woods derived from the rain forest. Our procurement methods utilize both leftover recycled IPE wood pieces from the furniture and decking industry and also select cut methods where only mature trees are harvested leaving the vast majority of the forest intact.

As an environmentally conscious company, we demonstrate this commitment in everything we do – from product design and manufacturing to packaging and delivery. We are dedicated to providing products that are manufactured in an environmentally sensitive and efficient manner. Our focus is to create roof deck systems and green roof environments that not only are functional and aesthetically pleasing, but help to support the environment.

If you have any questions or if I may be of assistance I can be contacted at (213) 380-5560 or at sales@tiletechpavers.com.
